

Ramah at 80

The Future Starts Now

In 2026, Camp Ramah is marking a major milestone: our 80th year in operation. That's 80 years of magical, unforgettable summers. Eighty years of welcoming campers into our beautiful, ever-expanding Ramah family. Eighty years of Jewish joy ringing out from Wisconsin to Wheeling.

While 80 years is certainly something to celebrate, it's also a moment of reflection. When the world reminds us why vibrant Jewish communities are so necessary, investing in Ramah becomes about more than camp. It becomes an investment in resilient Jewish leaders, joyful Jewish living, and a future filled with connection and belonging.

As we look ahead, how do we ensure we're able to meet growing demand, keep pace with rising costs, and continue to thrive for generations to come? How do we pass on the transformative experience of Camp Ramah to the next generation? And the one after that? And the one after that?

Which is why we're launching Ramah @ 80, our largest, most innovative, and game-changing effort to propel our camps forward for generations to come.

By giving to **Ramah @ 80**, you'll help us build long-term financial strength by growing our endowment.

Together we'll expand access through our scholarship fund, and support capital projects, including one of our most exciting initiatives, the construction of the Ramah Midwest Campus.

Ramah Midwest Campus will be a new home for our day camp, with more space to accommodate more campers than ever. But it will be so much more than that. A meeting center. A gathering space. A hub of Jewish life available to Ramah family of all ages, from all over the region and open throughout the entire year. A place where Jewish values, culture and traditions run deep. And where we can we celebrate all of it loudly, proudly, joyfully and safely, no matter what's happening in the world beyond.

It's an ambitious vision, which is why we're launching an ambitious fundraising campaign to help realize it. Because as proud as we are of what we've built over the last 80 years, we can't wait for what comes next. And with your help: The Future Starts Now.
